

**5 Days Online Workshop
on
Automotive Materials**

July 19-23, 2021

Time: 06 PM -08.00 PM

by

Dr.A.Rajadurai

Registration:

<https://forms.gle/Y3MwLLfMcG7uFnjW6>

Faculty Profile

Prof.Dr.A.Rajadurai B.E.(Hon's), M.E.,
Ph.D.(IISc.)

He is a veteran in Metallurgical and Materials Engg. He has published about 100 papers in reputed journals and guided 20 Ph.D.Scholars. He had three decades experience in teaching, research and administration at Anna University, Chennai. He is a recipient of Life time achievement award from SAE. He introduced an innovative M.E. programme in Green Manufacturing . He served as visiting faculty at Kathmandu University, Nepal and NIT, Nagaland. He rendered services as a member in Governing council, Academic council, Board of studies, Academic audit and Examiner panel of several reputed institutions including IIT and NIT. He taught Metallurgy, Nanotechnology, Composite materials and Finite element analysis to UG and PG students. His research areas are FEA of production processes, Modern manufacturing processes, Surface engineering and hybrid composites.

Course content:

1. Development and Selection Criteria of Automotive Materials.
- Materials, Processing and Treatment for**
2. Engine block, Head, Piston, Ring, Conrod and Crankshaft
3. Camshaft, Tappet, Rocker, Valves and Exhaust
4. Frame, Wheel & Axle, Suspension and Steering system
5. Gear, Clutch, Brake, Body panel

Who Should Attend

Students from Engineering College interested

Course Fee

Rs. 500 per delegate for students
(E certificate will be given to those who attend all 5 Days)
