Accompanying faculty: Zubaitha kathoon Bee, BSA Crescent Engg College	
Persons met	K. Purushothaman - Training Officer ASHOK LEYLAND
<p>Significant learning:</p> <p>There are various units in the company. SHD shop, Frame shop, Rear front axle, Engine shop, Assembly. Initially we went to Chassis Assembly Section. In this section we gained immense knowledge by looking at the assembly of various parts of automobile. This section includes brake chamber, steering gear, suspension and engine mounting, exhaust piping, air tank, wheels mounting and finally taken for testing.</p> <p>Next we were taken to Engine shop. There various components in the engine are produced. This includes making of engine valves, air leakage, horning, oil testing.</p> <p>Thus by having a visit to Ashok Leyland we students gained very useful information. We had an opportunity for a technical exposure which is very essential these days.</p>
